Sentrilock LLC

Key Safe

Product Name	Model	Installation Instructions	Security Rating	LPCB Ref. No.
Bluetooth® BLE-WM Lockbox	Wall mounted key safe accessed by digital keypad and smart card or compatible Bluetooth enabled device	Sentrilock NXT-BLE Installation Manual – 2019 v3	A10, B3 (SR2), C1	1096b/01

Alternative Product Name

Product Name	Alternative Product Name	Installation Instructions
Bluetooth® BLE-WM	Sentrikey®	Keynetics Sentrikey® Installation Manual 2022 v4

Notes:

1. The access control system's resistance to non-mechanical attack has not been assessed because it is outside the scope of LPS 1175: Issue 8. It is therefore recommended that specifiers satisfy themselves that those systems are resistance to interference which may result in disengagement of the locking system.
2. The key safes are approved to Security Ratings A10 and B3 when mounted either directly onto masonry walls or onto rendered masonry walls with renders up to 20 mm thick, in accordance with the instructions. The approval also covers the key safes when mounted flush to a steel substrate. Please refer to the installation instructions for confirmation of applicable substrates.
3. The key safes are only approved to Security Rating C1 when installed flush with the substrate.
