Appendix to Certificate No: 1096d

Issue: 03

Sentrilock LLC

Key Safe

Product Name	Configuration	Installation Instructions	Security Rating	LPCB Ref. No.
SentriGuard	Shackle mounted key safe accessed via digital keypad and compatible Bluetooth enabled device.	SentriGuard Installation Manual – 2024 v1	C1	1096d/01
	Shroud mounted key safe accessed via digital keypad and compatible Bluetooth enabled device.		C1	1096d/02
	Shroud mounted key safe accessed via digital keypad and compatible Bluetooth enabled device (Steel substrates only)		C3	1096d/03

Notes

1. The access control system's resistance to non-mechanical attack has not been assessed because it is outside the scope of LPS 1175: Issue 8. It is therefore recommended that specifiers satisfy themselves that those systems are resistant to interference which may result in disengagement of the locking system.
2. The key safe is approved when mounted on a substrate offering at least the same level of resistance to attack. Please refer to the installation instructions for details of compatible substrates and installation methods.
